

# NFC Academy Lesson Planner

## 1<sup>st</sup> Grade Language Arts – Unit 5- 105

This *NFC Academy Lesson Planner* is designed to keep homeschool families on track for a completion during a school year program of approximately 180 days. Schedules may vary and the parent may adjust the teaching assignments as required by the home schedule, but all work must be completed. Information in this teacher guide comprises one unit of study in a course and most units have 10 units for a full year. The parent may record the date the unit is completed or may plan out the units work and record the date to be completed. This *Lesson Planner* is a tool to assist the home in meeting the educational goals for your child.

The following explanations to this *Lesson Planner*:

**Day:** The day of your school year from start date. It should take you 16-20 days to complete a unit and with 10 units per subject that results in the approximate 180 days of the program.

**Date to Complete:** That can be used to record the date you completed the study, or may be best used by establishing the date for each lesson to be completed. You may do more than one lesson per day when you carry over a lesson to the next day's assignment, and make adjustments to ensure that your child has covered the material adequately. Flexibility can be made to fit your schedule, but most of the time a regular routine helps ensure that you stay on a track to finish as you planned.

**Teacher Notes:** Refers to the page number from the Teacher's Curriculum Guide that was sent to you. This is where you have the information needed to conduct each lesson.

**Student LIFEPAK:** The student work book that will correspond to the information from the Teacher Notes.

**Worksheet:** Refers to the worksheet for the assigned lesson located in the back of the Teacher's Guide. Page number is listed for the worksheet. Check to ensure that you use the worksheet for the page of the lesson in the Student Life Pac and Teacher's Guide lesson of the day.

**Teaching Reading:** You will have various assignments to teach reading using stories from the Early Reader Series. It is recommended you familiarize yourself with these readers and follow the schedule as noted in your lesson material.

**Language Arts:** The Language Arts curriculum includes more than just one aspect of the curriculum. You will find phonics, reading, and other language skills a part of the lessons. Keep that in mind as you plan out the daily schedule. While the lesson planner covers all areas in the general plan you will likely have several specific learning times set to cover the material.
