## NFC Academy Lesson Planner Kindergarten Math – Lessons 81-120

This NFC Academy Lesson Planner Guide is designed to keep homeschool families on track for a completion during a school year program of approximately 180 days. Schedules may vary and the parent may adjust the teaching assignments as required by the home schedule, but all work should be completed. Information in this teacher guide places lesson as done in the teacher guides – Lessons 1-40; 41-80; 81-120; 121-160. Student learning evaluations are scheduled at the conclusion of each section of lessons. This Lesson Planner is a tool to assist the home in meeting the educational goals for your child. Its goal is to help you complete your year in the approximate time of a typical school year. There are 160 lessons, scheduled reviews, and days for evaluations which will make up near the 180 school days in a typical school year.

The following explanations to this Lesson Planner Guide:

**Day:** The day of your school year from start date

**Date to Complete:** That can be used to record the date you completed the study, or may be best used by establishing the date for each lesson to be completed. . It is for planning purposes to aid you in your progress through the fun year of kindergarten.

**Teacher Guide:** Refers to the page number from the Teacher's Curriculum Guide that was sent to you. This is where you have the information needed to conduct each lesson. You will find important writing material in the book so become familiar with the book's materials available to you in the Teacher's Guide. As any teacher there will be need for flash cards and other teachable review materials. Much will be suggested to be made; however, if you have a teacher's resources book store in your area you may find many things there that will help you. If not, of course, there is a vast amount of material available over the Internet for teachers. Students learn from these important tools so do not neglect them.

**Student Book:** The student work book that will correspond to the information from the Teacher Notes.

**Math:** Review is a part of the lesson series and you will want to keep that focus as each lesson builds on the previous lessons. To get a head start on the important materials/manipulatives for lessons refer to page 20 in the Teacher's Guide before you begin. These are important to the learning process so be sure they are ready for your lesson presentations.

**Student Evaluation:** When you complete these lessons you will give the Student Evaluation on pages 253-255 and using the grading format sent to you by the NFC Academy Coach/Teacher. Once complete submit the grades to your NFC Academy Coach/Teacher who will record the grades and create the permanent report card.

### **Kindergarten Math Lessons 81-120**

<b><u>Day</u></b>	<b><u>DTC</u></b>	<b><u>Teacher's Guide</u></b>	<b><u>Student Book</u></b>
1		Lesson 81: Subtract One Object From A Set – p. 145-146	What Is Your Name? Subtract To 5 – p. 1-3
2		Lesson 82: To Subtract Two Objects From A Set – p. 147	Subtract To 5 – p. 4-5
3		Lesson 83: To Subtract Three and Four Objects From A Set – p. 148	Subtract To 5 – p. 6-7
4		Lesson 84: To Subtract Number Facts To 5 Vertically – p. 149	Write The Number In The Box – p. 8-9
5		Lesson 85: To Subtract One Object From A Set To 9 – p. 150	Subtract To 9 – p. 10-11
6		Lesson 86: To Subtract Two Objects From A Set To 9 - p. 151	Subtract 2's From The Set – p. 12-13
7		Lesson 87: To Subtract Three Objects From A Set To 9 – p. 152	Subtract To 9 – p. 14-15
