

NFC Academy Lesson Planner
Second Grade History & Geography, Units 201-205

This NFC Academy Lesson Planner Guide is designed to keep homeschool families on track for a completion during a school year program of approximately 180 days. Schedules may vary and the parent may adjust the teaching assignments as required by the home schedule, but all work must be completed.

The following explanations to this Lesson Planner Guide:

Day: The day of your school year from start date. It should take you 16-20 days to complete a unit and with 10 units per subject that results in the approximate 180 days of the program.

Date to Complete: That can be used to record the date you completed the study, or may be best used by establishing the date for each lesson to be completed. You may do more than one lesson per day when you carry over a lesson to the next day's assignment, and make adjustments to ensure that your child has covered the material adequately.

Teacher Guide: The book that corresponds to TG in the Lesson Planner information. This book includes a must-read curriculum overview, LIFEPAC management, teacher notes, teacher resources, alternate tests, answer keys, self-test keys, test keys, and alternate test keys.

Student LIFEPAC: The student work book that will correspond to the information marked SB in the Lesson Planner information. Please note, you need to initial and date each "Teacher Check" where indicated after each assigned group of student exercises.
