DIRECTIONS FOR ADMINISTERING

Before you begin to administer this online test, please be sure you have read the Stanford 10 Online Administration Guide. This guide can be found on the online testing system under the Ancillaries tab. It contains important information concerning the preparation of the computers and the students for testing and includes an overview of the test content and the test administration time schedules. In addition, it provides explanations of the various screens you will see on the testing website and offers suggestions for navigating through them. Reading this guide prior to administering a test session will help ensure your test administration runs more smoothly and efficiently. The Appendix at the end of this document also lists other resources available for your reference that may assist your online test administration.

Once students have been approved into the test session and have navigated past the Welcome screen, they will be presented with a Tutorial feature. You may choose to have students take the Tutorial, or you may decide to skip the Tutorial. The Tutorial gives students practice with marking, changing, and reviewing their answers.

When you are ready to begin testing, please make sure all computer work stations have been cleared. To administer the test, you will read all text in bold to the students. Text that is not in bold contains instructions for you to read silently to yourself.

If you have decided to skip the Tutorial, you will need to guide students in navigating past the Tutorial by reading the instructions below.

SAY At the bottom of the Welcome page, click Next to begin the Language test. Then at the top of the next page, click Skip Tutorial. Then click OK.

Continue reading the bold text at the asterisk (*) below.

If you want students to practice with the Tutorial, you will begin the Tutorial by reading the instructions below.
