DIRECTIONS FOR ADMINISTERING

Before you begin to administer this online test, please be sure you have read the Stanford 10 Online Administration Guide. This guide can be found on the online testing system under the Ancillaries tab. It contains important information concerning the preparation of the computers and the students for testing and includes an overview of the test content and the test administration time schedules. In addition, it provides explanations of the various screens you will see on the testing website and offers suggestions for navigating through them. Reading this guide prior to administering a test session will help ensure your test administration runs more smoothly and efficiently. The Appendix at the end of this document also lists other resources available for your reference that may assist your online test administration.

Once students have been approved into the test session and have navigated past the Welcome screen, they will be presented with a Tutorial feature. You may choose to have students take the Tutorial, or you may decide to skip the Tutorial. The Tutorial gives students practice with marking, changing, and reviewing their answers.

When you are ready to begin testing, please make sure all computer work stations have been cleared. To administer the test, you will read all text in bold to the students. Text that is not in bold contains instructions for you to read silently to yourself.

If you have decided to skip the Tutorial, you will need to guide students in navigating past the Tutorial by reading the instructions below.

SAY At the bottom of the Welcome page, click Next to begin the test. Then at the top of the next page, click Skip Tutorial. Then click OK.

Continue reading the bold text at the asterisk (*) below.

If you want students to practice with the Tutorial, you will begin the Tutorial by reading the instructions below.

SAY At the bottom of the page, click Next to begin the Tutorial. Read the instructions on each page. When you complete the Tutorial, click Exit Section and then click OK. Raise your hand if you have any questions.

Pause while students work through the Tutorial. When all students are finished, continue by reading the bold text below.

***SAY You should be on the Social Science page. Now click Next to see the Social Science Sample.**

Make sure all computers display the first page of the Social Science test, the Social Science Sample.

SAY Look at the directions at the top of the page. Read them to yourself as I read them aloud. “Directions: Read each question and choose the best answer. Then mark the space for the answer you have chosen.

Look at the sample. Read it to yourself as I read it aloud. *How do people who work at jobs usually get paid? With money ... With food ... With gold ... With clothes.*

Which is the correct answer?

Pause for replies.

SAY Yes. *With money* is the correct answer. The space next to it has been marked because it is the correct answer. Are there any questions?

Answer all questions.

SAY You will work on your own for the rest of this test. Sometimes there will be a map or a graph that you will have to look at carefully to answer the questions. Choose the best answer and mark the space for your answer.

If you finish before I say “Stop,” you may check your work. On the toolbar, you can use Go to Question to see the questions you either skipped or bookmarked to work later. Be sure to use the Review page to check your answers before you click Exit Section.

Does anyone have any questions?

Answer all questions.

SAY You will have at least 25 minutes to work on this test. If you’re not sure about an answer, do the best you can, but don’t spend too much time on any one question.

You may start working now. Click Next to go to the next page.

While the students are working, walk around the room to make sure they are following directions. Do not give help on specific test questions.

This subtest is untimed. Allow at least 25 minutes for students to finish.

After 25 minutes or when all students have finished,

SAY Stop. If you have not already finished, go to question 40 and click Next. Then click Exit Section and OK.

Pause while students click Exit Section. All screens should display the page with the Stop sign.

SAY **Now click Exit.**

If testing is to continue, give students a rest period of about 10 minutes; then continue with the directions for administering the next subtest.

If testing is finished, follow the Program Coordinator's instructions for leaving the computers.
