NFC Academy Lesson Planner Kindergarten Language Arts – Lessons 1-40

This NFC Academy Lesson Planner Guide is designed to keep homeschool families on track for a completion during a school year program of approximately 180 days. Schedules may vary and the parent may adjust the teaching assignments as required by the home schedule, but all work should be completed. Information in this teacher guide comprises lessons that are a part of the 160 lesson of study for the year of kindergarten. We have grouped lesson series between 10-12 lessons encouraging parent's to practice plenty of review for young learners. At the end of each quarter's lessons there is a student evaluation to be conducted which is contained in the back of the Teacher's Guide Book. This Lesson Planner is a tool to assist the home in meeting the educational goals for your child. Its goal is to help you complete your year in the approximate time of a typical school year. There are 160 lessons, scheduled reviews, and days for evaluations which will make up near the 180 school days in a typical school year.

The following explanations to this Lesson Planner Guide:

Day: The day of your school year from start date

Date to Complete: That can be used to record the date you completed the study, or may be best used by establishing the date for each lesson to be completed. . It is for planning purposes to aid you in your progress through the fun year of kindergarten.

Teacher Guide: Refers to the page number from the Teacher's Curriculum Guide that was sent to you. This is where you have the information needed to conduct each lesson. You will find important writing material in the book so become familiar with the book's materials available to you in the Teacher's Guide. As any teacher there will be need for flash cards and other teachable review materials. Much will be suggested to be made, however, if you have a teacher's resources book store in your area you may find many things there that will help you. If not, of course, there is a vast amount of material available over the Internet for teachers. Students learn from these important tools so do not neglect them.

Student Book: The student work book that will correspond to the information from the Teacher Notes.

Language Arts: The Language Arts curriculum includes more than just one aspect of the curriculum. You will find phonics, reading, and other language skills a part of the lessons. Keep that in mind as you plan out the daily schedule. While the lesson planner covers all areas in the general plan you will likely have several specific learning times set to cover the material.

Student Evaluation: When you complete these lessons you will give the Student Evaluation on pages 287-288 and using the grading format sent to you by the NFC Academy Coach/Teacher. Once complete submit the grades to your NFC Academy Coach/Teacher who will record the grades and create the permanent report card.

5K - Language Arts – Lessons 1-40

Day	DTC	Teacher's Guide	Student Book
1		Lesson 1: To Follow Directions- p. 29-30	My Name Is – p.1; All About Me - p.2; How Old Are You? – p. 3
