

My Recommendation Is....NFC Academy

Recommend NFC Academy

We have found our success lies with the parents who are satisfied with the programs and people of NFC Academy. We work hard to meet the needs of our students and parents and they in turn help us in recommending other families to NFC Academy.

Our parents know the other families who share the desire for their children to have an education that embraces the Biblical worldview and Christian values along with excellence in academics preparing students to be the next generation of leaders.

The My Recommendation Is stands as a way our current families can help us and we can help them in return by giving you credit on your tuition account for each student who enrolls and attends NFC Academy based upon your recommendation.

The objective of this program is to encourage the recruitment of new students and serve as a way of rewarding present NFC Academy families involved in the recruitment process with tuition reduction.
