

Stanford 10 Testing Dates for NFC Academy

The following information will be needed to complete the testing program of the Stanford Achievement Test Series, 10th Edition:

Grades 3-12

- Students must have a Testing Session Number to logon to each test including the Practice Test. Testing session numbers will be posted on the Academy web site each day by 10:30 a.m. EST. Go to the NFC Academy web site – Parent Resources-Testing Center and scroll down to the “Stanford Achievement Test Sessions for the Day.” You will want to make sure you have the correct test session number for the grade your son/daughter is in.
- Students will logon using the Pearson Browser using their name and birthdate.
- The approved local proctor will have the directions downloaded from the Academy web site. The proctor will read the Test Directions for the correct test to get the student started in each test session and remain present during the test. No help may be given to the student by the proctor.
- Once the student has logged-on the Academy Testing Center will approve the student to begin testing. This may take several minutes. Once the student is approved by the Academy Testing Center the student begins work on the test for the day. The Academy Testing Center cannot approve a student to test who we do not have a completed NFC Academy Homeschool Test Form indicating the system check has been completed, the Pearson Browser downloaded, and a local proctor who will read the test directions to the student and be present during the test session.
- In the event you have a problem during the test with your computer shutting down from a loss of power or interruption of Internet service, please email the Academy Testing Center at academytestingcenter@nflchurch.com.
- Special notes:
 - If you are having any difficulty with the system check, please refer to the Academy web site for the minimum system requirements. You will find this listed in the Testing Center information.
 - If you are unable to remedy any errors you may have to have a tech person look at your computer using the result from your systems check which can be printed once it has run.

Grades 5K-2nd

Hard copy Stanford Achievement Tests will be mailed to our families for students in 5K-2nd grades. Those tests will be returned to NFC Academy to send off to Pearson for scoring. The Academy Testing Center must have a completed NFC Academy Homeschool Test Form that lists the local proctor for the test. We must have that form before we can mail the test with directions. There will be a charge for any testing materials not returned to the Academy.

All Grades

Scoring will be completed by Pearson and once completed NFC Academy families will have a copy for their use once the school completes all requirements by Pearson. Scoring can take up to 6 weeks for 5 K-2nd grades.

TEST SCHEDULE (All tests are EST)

Thursday, April 4	Grades 3-8	11:00 a.m.	Practice Test
